CAREER FAIR 2025

what is Career Fair?

Background

Career Fair Started back in 2000 at the University of Dar es Salaam as a platform for university students to learn soft skills needed in the market. Engaging all students around Dar es Salaam universities later on spread to Morogoro and Mwanza depending on the financial capability of the year as well as the stakeholder's strategic focus.

Until 2024, Career Fair operated in 6 different regions, Dar es Salaam, Dodoma, Iringa Mwanza, Morogoro and Arusha and 1 part of Zanzibar. For the past year we have managed to reach 16,663 youth in all seven regions.

The program

Career Fair is an annual event organized by AIESEC in Tanzania that seeks to bring employers(companies) and prospective employees(students and graduates) together through an informal but interactive gathering. Through this event, many companies are brought together in one location where students get to explore their career options and use this platform to develop competencies needed in the increasingly competitive globalized world.

This event has proved to be a great success for 22 years, consistently benefitting both students and companies. Career fair has proved to be one of the essential platform for companies to position themselves; brand-wise and as recruiters within seven (7) regions physically and country-wise online. This year's event includes:

- A pre-career fair (Career Day) ordinary level & Advanced Schools outreach program.
- Company presentations,
- Skill workshops,
- Speed interviews,
- Companies exhibitions,
- Training and introducing youth to a business challenge, the first-ever youth innovation challenge.

Career Fair 2025 aims not only to extend impact but also to address the role of corporates in career confusion in 21st Century.

2024 milestones achieved

16,663 Youth sign ups for the program

Youth to Business Forum 2025

what is Youth to Business Forum?

Background

AIIESEC in Tanzania has been conducting Youth Speak Forum for the past few years to create awareness among youth about SDGs and their implementation by creating actionable ideas. Working with like-minded NGOs around Tanzania has been vital to our successful Youth Speak Forum. Together we have managed to impact 460 youth (60% Female and 40% Male).

Considering the number of youth engaging in a sustainable project to generate income while contributing to achieve Sustainable development goals in this decade of action. We have realized that knowledgeable step action is vital to our society; hence the change of the program was necessary.

The program

Youth to Business Forum aims to provide opportunities for young leaders to learn, interact and share knowledge from experts on how to develop and sustain social entrepreneurship or business to solve challenges and generate income.

This program targets to impact 500 youth with the necessary skills to sustain a new venture and make an impact. During the program partnered companies will get a chance to award the best initiative and deliver a keynote session during the event and workshop.

Forum Framework

Inspire Notable youth leader and stakeholders will deliver different session to educate as well encourage youth participation in Social business

Engage youth being the center of discussion on solutions needed in the society and role of stakeholders to execute developed projects.

Showcase youth with ideas or working projects that can solve social problem will get a chance to showcase their ideas Infront of stakeholders and the best 5 will be awarded.

Youth to Business Forum **Milestones**

At the initial stage of the forum, we focus on spreading awareness about the platform to stakeholders across Tanzania. Believing that Youth to Business Forum will give virtual space for youth to share knowledge and ideas that can directly impact the community while reducing the unemployability gap in the country.

The forum target is to reach 500 attendees from various backgrounds, including Secondary School students, university students and Youth entrepreneurs. They will get a chance to submit their business ideas via online forms all over the country and physically to our local chapters around six regions.

The YBF also includes the Youth to Business (YBF) Challenge, a platform for youth to generate and publish their ideas on how to solve society's challenges (SDGs related matters) and in turn, gain income through social entrepreneurship. The Y2B Challenge will take place in six regions where AIESEC in Tanzania is present, and the best ideas will compete in the final event in July in Dar es Salaam.

Our **Target**

Our timeline

THEME

The 2024 theme is focused on Empowering Youth through Technology and Innovation to Foster Inclusive Entrepreneurship, enabling young people to utilize these tools as a means to achieve the Agenda 2030. By closely examining the world's most pressing challenges in Economic Growth, Digital Equity, Sustainable Development, Gender Empowerment, Job creation and Social Inclusion.

The Goal

Empower youth to leverage technology and innovation for inclusive entrepreneurship fostering sustainable solutions to global challenges.

Objectives

1) Bridging gap between youth entrepreneurs and stakeholders.

Connecting youth with stakeholders to network and generate business ideas for a sustainable world.

2) Support youth entrepreneurship ideas

Mentorship and coaching can help young people to examine their business plans and ideas. They connect them to more extensive networks, act as role models and demonstrate models of success.

3) Provide awareness of sustainable entrepreneurship.

We believe that every business needs to address social challenges, which can be used to reduce the employment gap for youth in the county; This can be addressed by youth since most of them are change-minded and are the largest group in the country.

Volunteer

Background

Initially, in 1997, AIESEC in Tanzania was started by youth who went for a volunteering program to develop their leadership potential and make a social impact in Kenya. Since then, the organization has adopted the program in the country. For the past ten(10) years, this program sent 549 to around seven (7) countries and received 1981 from 15 countries to make a social impact in Tanzania in the Sustainable development goals Initiated by youth with collaboration with a like-minded organization.

The program

Since 2020 Volunteering programs have been seized for evaluation and redefining the new ways we can operate the program in the COVID-19 era while avoiding the risk of spreading the disease in the impacted community. Officially 2022, in March,, the global volunteering program was opened by AIESEC in Tanzania.

Despite the pressure around youth to travel abroad. AIESEC in Tanzania sees this as an opportunity for youth to explore and learn the reality outside their comfort zone, starting with East Africa while making a social impact on the project.
